DD CONNECT

ALWAYS CONNECTED. ALWAYS IN CONTROL.

DD Connect brings your workforce management together in one connected platform. Giving you real-time visibility, less admin and better control.

REAL-TIME ATTENDANCE

Stay informed with a live view of employee attendance as it happens. Quickly see who is clocked in, late or absent, giving you greater visibility and control over your workforce from anywhere.

EMPLOYEE MANAGEMENT

Manage all your employee information from one central, easy-to-use platform. Keep employee details, attendance records and related information organised, accurate and easily accessible.

SHIFT SCHEDULING

Simplify workforce planning with flexible shift and schedule management. Easily assign working times, manage different shifts and ensure employees are scheduled according to your operational requirements.

POWERFUL REPORTING

Transform your Time & Attendance data into clear, meaningful reports. Access accurate information on hours worked, overtime, attendance and more, helping you make informed decisions and streamline payroll preparation.

DEVICE INTEGRATION

Seamlessly connect your compatible clocking devices directly to the online system. Clocking data is automatically synced, reducing manual administration and errors, and ensuring your attendance information stays accurate and up to date.
