Multi-Bio 700 Time and Attendance Terminal

The Multi-Bio 700 facial scanners comprise of the latest facial recognition and RFID technology. The optical sensors are of the highest quality. With the multi-bio option, Facial Recognition, Fingerprint scanning and RFID technology can be combined. It can be linked to various access control units and connects to your PC and Time-Systems module via Wi-Fi (additional router required), USB Flash-drive or TCP/IP.

Features:

- 3-inch Touch Screen display
- 1 500 (1:N) face capacity
- 2 000 fingerprint capacity
- 10 000 ID card capacity (optional)
- 100 000 clock records
- High-resolution infra-red camera
- ZK Optical Sensor
- TCP/IP, RS232/485, USB-host communication
- Wiegand Input & Output
- 12V DC Power Supply
- 0 - 45 °C Operating Temperature
- 20% -80% Operating Humidity
- Dimensions: 209.4×87.5×91.6

TFT600 - Fingerprint Time and Attendance Terminal

These units comprise of the latest technology in biometric fingerprint recognition. The user friendly menus makes it easy to enrol users and manage the data. Up to 10 000 fingerprint records can be enrolled, and up to 200 000 clocking records can be stored on the unit. Buddy clocking is 100% eliminated. Downloading can be done at the user's convenience, and can be done via a USB Flash-drive, over Wi-Fi or by TCP/IP. The unit can also be linked to access control systems, for eg. Magnetic Door Locks, Turnstiles etc.

Features:

- LCD Display: 3.5" TFT high-definition graphical interface, 65 000 real colour
- Multi Language, English, French, Spanish, Arabic
- Speaker: Voice Prompt (language can be selected) etc., more than 40 languages can be selected
- Fingerprint capacity: 10 000
- Operation temperature: 0℃ ~ 45℃
- Log capacity: 200 000
- Operation humidity: 20% ~ 80%
- Verification speed(1:1): ≤0.5s
- Identification speed(1:N): ≤1s
- Power: 110/220VAC ~ 12VDC
- 197(L)*137(W)*46(H)mm
- TCP/IP, RS485, USB Host/Client, Wiegand In/out, Speaker Out

FA300 Facial Recognition Time and Attendance Terminal

The FA300 facial recognition system, is our most advanced product. It combines the latest facial recognition and RFID technology, with optical sensors, that makes this a highly intelligent appliance. The FA300 is a multi-biometric identification system, and the most economic product on the market.

Features:

- Composite algorithm system with high speed operating
- Embedded LINUX operating system, easy to integrate into various systems
- Stand-alone or network environment
- Infrared optical system enables user identification in a dark environment
- 3" TFT touch screen, elegant design, fashionable and simple interface
- Face, RFID and PIN identification mode

S922 Portable Fingerprint Time and Attendance Terminal

S922 Portable Fingerprint Time and Attendance Terminal is specifically designed for off-site time management, such as construction sites, logistic industries, large farms, mining industry, etc. and can store50 000 fingerprint and 50 000 card templates. Top handle with rubber coating enables users to carry easily.

Features:

- Built-in 7 600 mAh backup battery extends extra operation time
- IP65 rated waterproof and dustproof protection grade
- Shock proof (0.5m above the ground) with unique rubber coating
- Communication: TCP/IP, USB-host, Wi-Fi
- Supports multiple authentications: Fingerprint, ID card or Mifare card
- Fingerprint Capacity: 50 000
- Card Capacity: 50 000

S922 Portable Fingerprint Time and Attendance Terminal is specifically designed for off-site time management, such as construction sites, logistic industries, large farms, mining industry, etc. and can store 50 000 fingerprint and 50 000 card templates. Top handle with rubber coating enables users to carry easily.

Display	3.5-inch TFT Screen
Fingerprint Capacity	50 000
Card Capacity	50 000 (ID Card)
Transaction Capacity	800 000
Fingerprint Sensor	ZK Optical Sensor
Algorithm Version	ZK Finger VX10.0
Communication	TCP/IP, USB-host ; Optional with Wi-Fi/3G
Standard Functions	ADMS, Work-code, DST, Self-Service Query, Automatic Status Switch, T9 Input, Photo-ID, 9-Digit User ID, Short Message, ID Card
Optional Functions	HID / Mifare Card
Protection Grade	IP65
Power Supply	12V 3A; Built-in Backup 7600 mAh Battery
Operating Temperature	0°C - 45°C
Operating Humidity	20% - 80%
Net Weight	1.65kg
Dimension	225 x 235 x 125 (mm) HxWxD

Shock Resistance Enclosure

Regal Security Technical support for T&A hardware ONLY

Portable and splash proof

48 hour of Standby Time

16 hours of Working Time

Register up to 10 000 employees
